

Temperature sensors for RU6X, RU9X and RV5027

Outdoor sensor

Temperature sensor for outdoor temperature measurement.

MAF

Intended to be used together with RU 6X or RU 9X.

AF

Intended to be used together with RV5027.

Technical data	
Measuring range	MAF: -30...+50°C AF: -20...+25°C
Protection class	IP30

Description	Sensor element	Type
Outdoor temperature sensor	R+S	MAF
	NTC, R+S	AF

6

Clamp-on sensor with housing

Temperature sensor for water temperature measurement. Including clamp.

TG-AH/MALF

Intended to be used together with RU 6X or RU 9X.

TG-AH/VF

Intended to be used together with RV5027.

Technical data	
Measuring range	TG-AH/MALF: 0...120°C TG-AH/VF: 5...110°C
Protection class	IP65

Description	Sensor element	Type
Clamp-on sensor	R+S	TG-AH/MALF
	NTC, R+S	TG-AH/VF
